Synaptopodin Antibody (918842) [FITC]

| Product Information         |                                                                                               |
|-----------------------------|-----------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                        |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.   |
| Storage                     | Store at 4C in the dark.                                                                      |
| Clonality                   | Monoclonal                                                                                    |
| Clone                       | 918842                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                            |
| Isotype                     | IgG2a                                                                                         |
| Conjugate                   | FITC                                                                                          |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                    |
| Buffer                      | PBS                                                                                           |
| Product Description         |                                                                                               |
| Host                        | Mouse                                                                                         |
| Gene ID                     | 11346                                                                                         |
| Gene Symbol                 | SYNPO                                                                                         |
| Species                     | Human                                                                                         |
| Specificity/Sensitivity     | Detects human Synaptopodin in direct ELISAs.                                                  |
| Immunogen                   | <i>E. coli</i> -derived recombinant human Synaptopodin<br>Ser363-Gln490<br>Accession # Q8N3V7 |
| Product Application Details |                                                                                               |
| Applications                | Immunohistochemistry                                                                          |
| Recommended Dilutions       | Immunohistochemistry                                                                          |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                        |
