IL-10 Antibody (21204R) [DyLight 405]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 21204R                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG                                                                                         |
| Conjugate           | DyLight 405                                                                                 |
| Purity              | Protein A or G purified from cell culture supernatant                                       |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                                                |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                          |
| Gene ID                 | 3586                                                                                                                                           |
| Species                 | Human                                                                                                                                          |
| Specificity/Sensitivity | Detects human IL-10 in direct ELISAs. In direct ELISAs, no cross-reactivity with recombinant mouse IL-10 or recombinant rat IL-10 is observed. |
| Immunogen               | <i>E. coli</i> -derived recombinant human IL-10<br>Ser19-Asn178<br>Accession # P22301                                                          |
| Notes                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                              |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | ELISA                                                                  |
| Recommended Dilutions       | ELISA                                                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
