| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                                                                                   |
| Isotype                     | IgG1                                                                                                                                                                                                                                                                                 |
| Conjugate                   | DyLight 350                                                                                                                                                                                                                                                                          |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                                                                                           |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                                                                                   |
| Product Description         |                                                                                                                                                                                                                                                                                      |
| Host                        | Mouse                                                                                                                                                                                                                                                                                |
| Gene ID                     | 3440                                                                                                                                                                                                                                                                                 |
| Species                     | Human                                                                                                                                                                                                                                                                                |
| Specificity/Sensitivity     | Detects human IFN-alpha 2/IFNA2 in ELISAs. In direct ELISAs, no cross-reactivity with recombinant human (rh) IFNE, rhIFNB, rhIFNG, or recombinant cotton rat IFNA is observed. In sandwich ELISAs, less than 8% cross-reactivity with rhIFNA-7, rhIFNA-8, and rhIFNA-10 is observed. |
| Immunogen                   | Human embryonic kidney cell line HEK-293-derived transfected with human IFN-alpha 2/IFNA2<br>Met1-Glu188<br>Accession # P01563                                                                                                                                                       |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                                    |
| Product Application Details |                                                                                                                                                                                                                                                                                      |
| Applications                | Immunocytochemistry                                                                                                                                                                                                                                                                  |
| Recommended Dilutions       | Immunocytochemistry                                                                                                                                                                                                                                                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                               |
