**FAB9731A**

TIMP-3 Antibody (277128) [Allophycocyanin]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 277128                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2a                                                                                       |
| Conjugate           | Allophycocyanin                                                                             |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                                                                         |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                   |
| Gene ID                 | 7078                                                                                                                                    |
| Gene Symbol             | TIMP3                                                                                                                                   |
| Species                 | Human                                                                                                                                   |
| Specificity/Sensitivity | Detects human TIMP-3 in direct ELISAs. In direct ELISAs, no cross-reactivity with recombinant human (rh) TIMP-1, -2, or -4 is observed. |
| Immunogen               | Mouse myeloma cell line NS0-derived recombinant human TIMP-3 Cys24-Pro211<br>Accession # P35625                                         |

| Product Application Details |                                                                               |
|-----------------------------|-------------------------------------------------------------------------------|
| Applications                | Immunoprecipitation, CyTOF-reported, Intracellular Staining by Flow Cytometry |
| Recommended Dilutions       | Immunoprecipitation, Intracellular Staining by Flow Cytometry, CyTOF-reported |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.        |
