FBXO44 Antibody [PE]

| Product Information         |                                                                                                                                   |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                            |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                       |
| Storage                     | Store at 4C in the dark.                                                                                                          |
| Clonality                   | Polyclonal                                                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                                                                |
| Isotype                     | IgG                                                                                                                               |
| Conjugate                   | PE                                                                                                                                |
| Purity                      | Immunogen affinity purified                                                                                                       |
| Buffer                      | PBS                                                                                                                               |
| Product Description         |                                                                                                                                   |
| Host                        | Rabbit                                                                                                                            |
| Gene ID                     | 93611                                                                                                                             |
| Gene Symbol                 | FBXO44                                                                                                                            |
| Species                     | Human                                                                                                                             |
| Reactivity Notes            | Human. Cross-reactivity with rat and mouse is likely due to high identity (94%) between the immunogen and these rodent sequences. |
| Specificity/Sensitivity     | FBG3 protein.                                                                                                                     |
| Immunogen                   | A synthetic peptide containing residues 103-119 EWKVEDLSRDQRKEFPN) of the human FBG3 protein.                                     |
| Product Application Details |                                                                                                                                   |
| Applications                | Western Blot                                                                                                                      |
| Recommended Dilutions       | Western Blot                                                                                                                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                            |
