UBIAD1 Antibody [DyLight 594]

| Product Information         |                                                                                                |
|-----------------------------|------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                         |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.    |
| Storage                     | Store at 4C in the dark.                                                                       |
| Clonality                   | Polyclonal                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                             |
| Isotype                     | IgG                                                                                            |
| Conjugate                   | DyLight 594                                                                                    |
| Purity                      | Immunogen affinity purified                                                                    |
| Buffer                      | 50mM Sodium Borate                                                                             |
| Product Description         |                                                                                                |
| Host                        | Rabbit                                                                                         |
| Gene ID                     | 29914                                                                                          |
| Gene Symbol                 | UBIAD1                                                                                         |
| Species                     | Human                                                                                          |
| Reactivity Notes            | Reacts with human. 85% sequence identity with mouse and rat proteins.                          |
| Specificity/Sensitivity     | This is specific for human TERE1.                                                              |
| Immunogen                   | A synthetic peptide made to residues 32-45 [PEQDRLPQRSWRQK] of the 37 kDa human TERE1 protein. |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.              |
| Product Application Details |                                                                                                |
| Applications                | Western Blot                                                                                   |
| Recommended Dilutions       | Western Blot                                                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                         |
