RAX Antibody [DyLight 350]

| Product Information         |                                                                                                                  |
|-----------------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                           |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                      |
| Storage                     | Store at 4C in the dark.                                                                                         |
| Clonality                   | Polyclonal                                                                                                       |
| Preservative                | 0.05% Sodium Azide                                                                                               |
| Isotype                     | IgG                                                                                                              |
| Conjugate                   | DyLight 350                                                                                                      |
| Purity                      | Immunogen affinity purified                                                                                      |
| Buffer                      | 50mM Sodium Borate                                                                                               |
| Product Description         |                                                                                                                  |
| Host                        | Rabbit                                                                                                           |
| Gene ID                     | 30062                                                                                                            |
| Gene Symbol                 | RAX                                                                                                              |
| Species                     | Human, Canine, Primate                                                                                           |
| Reactivity Notes            | Reacts with New World Monkey. 85% sequence identity with chicken and 78% with zebrafish, mouse and rat proteins. |
| Immunogen                   | A portion of amino acids 300-350 of human Rax was used as the immunogen.                                         |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                |
| Product Application Details |                                                                                                                  |
| Applications                | Western Blot                                                                                                     |
| Recommended Dilutions       | Western Blot                                                                                                     |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                           |
