| Clonality                   | Polyclonal                                                                                                                                                                 |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                         |
| Isotype                     | IgG                                                                                                                                                                        |
| Conjugate                   | Janelia Fluor 585                                                                                                                                                          |
| Purity                      | Immunogen affinity purified                                                                                                                                                |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                         |
| Product Description         |                                                                                                                                                                            |
| Host                        | Rabbit                                                                                                                                                                     |
| Species                     | Virus                                                                                                                                                                      |
| Reactivity Notes            | This antibody is reactive against Human Respiratory Syncytial Virus (RSV) and Bovine Respiratory Syncytial Virus (BRSV) Fusion protein of all strains of RSV and BRSV      |
| Specificity/Sensitivity     | Reacts with Human Respiratory Syncytial Virus (RSV) and Bovine Respiratory Syncytial Virus (BRSV) Fusion protein of all strains of RSV / BRSV in human and bovine samples. |
| Immunogen                   | Residues 483-488 [FPSDEFC] of the 63 kDa RSV and BRSV F protein. This sequence represents a neutralizing epitope and is 100% conserved among all known species.            |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                      |
| Product Application Details |                                                                                                                                                                            |
| Applications                | Western Blot                                                                                                                                                               |
| Recommended Dilutions       | Western Blot                                                                                                                                                               |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                     |
