Mouse anti-Human IgG Fc Secondary Antibody (3D3cc) [DyLight 594]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.2 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 3D3cc                                                                                       |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2a                                                                                       |
| Conjugate           | DyLight 594                                                                                 |
| Purity              | Protein A purified                                                                          |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                                                    |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                              |
| Species                 | Human                                                                                                                                              |
| Specificity/Sensitivity | Class-specific for human IgG. No allotype restriction. Fc-region specific. Relatively high affinity. No cross-reactivity with human IgA, IgM, IgE. |
| Immunogen               | Hybridoma clone has been derived from hybridization of Sp2/0 myeloma cells with spleen cells of Balb/c mice immunized with IgG from human serum.   |
| Notes                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                  |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, Immunodiffusion, Sandwich ELISA                          |
| Recommended Dilutions       | Western Blot, Immunodiffusion, Sandwich ELISA                          |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
