ERp72 Antibody [Janelia Fluor® 585]

| Product Information         |                                                                                                                  |
|-----------------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                           |
| Concentration               | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| Storage                     | Store at 4C in the dark.                                                                                         |
| Clonality                   | Polyclonal                                                                                                       |
| Preservative                | 0.05% Sodium Azide                                                                                               |
| Isotype                     | IgG                                                                                                              |
| Conjugate                   | Janelia Fluor 585                                                                                                |
| Purity                      | Immunogen affinity purified                                                                                      |
| Buffer                      | 50mM Sodium Borate                                                                                               |
| Product Description         |                                                                                                                  |
| Host                        | Rabbit                                                                                                           |
| Gene ID                     | 9601                                                                                                             |
| Gene Symbol                 | PDIA4                                                                                                            |
| Species                     | Human                                                                                                            |
| Reactivity Notes            | Immunogen displays the following percentage of sequence identity for non-tested species: Mouse and Rat (88%).    |
| Marker                      | Endoplasmic Reticulum Marker                                                                                     |
| Specificity/Sensitivity     | This detects ERp72 protein in human samples.                                                                     |
| Immunogen                   | Synthetic peptide corresponding to residues K(629) F I E E H A T K L S R T K E E L(645) of humna ERp72.          |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                            |
| Product Application Details |                                                                                                                  |
| Applications                | Western Blot, Immunocytochemistry/ Immunofluorescence                                                            |
| Recommended Dilutions       | Western Blot, Immunocytochemistry/ Immunofluorescence                                                            |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                           |
