Donkey anti-Goat IgG (H+L) Secondary Antibody [DyLight 550]

| Product Information         |                                                                                                         |
|-----------------------------|---------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.5 ml                                                                                                  |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.             |
| Storage                     | Store at 4C in the dark.                                                                                |
| Clonality                   | Polyclonal                                                                                              |
| Preservative                | 0.05% Sodium Azide                                                                                      |
| Isotype                     | IgG                                                                                                     |
| Conjugate                   | DyLight 550                                                                                             |
| Purity                      | Multi-step                                                                                              |
| Buffer                      | 50mM Sodium Borate                                                                                      |
| Product Description         |                                                                                                         |
| Host                        | Donkey                                                                                                  |
| Species                     | Goat                                                                                                    |
| Specificity/Sensitivity     | No reaction was observed against anti-Papain or anti-Donkey IgG F(c).                                   |
| Immunogen                   | This Donkey F(ab) anti-Goat IgG (H+L) Secondary Antibody was developed against goat IgG whole molecule. |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                       |
| Product Application Details |                                                                                                         |
| Applications                | Western Blot, ELISA, Immunohistochemistry                                                               |
| Recommended Dilutions       | Western Blot 1:2000 - 1:10000, ELISA 1:20000 - 1:100000, Immunohistochemistry 1:1000 - 1:5000           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                  |
