| Purity                      | Immunogen affinity purified                                                                                                                                                                                                                                                                           |
| Buffer                      | PBS                                                                                                                                                                                                                                                                                                   |
| Product Description         |                                                                                                                                                                                                                                                                                                       |
| Host                        | Sheep                                                                                                                                                                                                                                                                                                 |
| Species                     | Rabbit                                                                                                                                                                                                                                                                                                |
| Specificity/Sensitivity     | By immunoelectrophoresis and ELISA this Sheep anti-Rabbit IgG (H+L) Secondary Antibody reacts specifically with rabbit IgG and with light chains common to other rabbit immunoglobulins. No was detected against non-immunoglobulin serum proteins. This may cross react with IgG from other species. |
| Immunogen                   | This Sheep anti-Rabbit IgG (H+L) Secondary Antibody was developed against rabbit IgG-heavy and light chain.                                                                                                                                                                                           |
| Product Application Details |                                                                                                                                                                                                                                                                                                       |
| Applications                | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                                                                                                                     |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry-Paraffin                                                                                                                                                                                     |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                                |
