| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                                                                                                                                                                     |
| <b>Isotype</b>                     | IgG                                                                                                                                                                                                                                                                                                    |
| <b>Conjugate</b>                   | DyLight 488                                                                                                                                                                                                                                                                                            |
| <b>Purity</b>                      | Immunogen affinity purified                                                                                                                                                                                                                                                                            |
| <b>Buffer</b>                      | 50mM Sodium Borate                                                                                                                                                                                                                                                                                     |
| <b>Product Description</b>         |                                                                                                                                                                                                                                                                                                        |
| <b>Host</b>                        | Bovine                                                                                                                                                                                                                                                                                                 |
| <b>Species</b>                     | Rabbit                                                                                                                                                                                                                                                                                                 |
| <b>Specificity/Sensitivity</b>     | By immunoelectrophoresis and ELISA this Bovine anti-Rabbit IgG (H+L) Secondary Antibody reacts specifically with rabbit IgG and with light chains common to other rabbit immunoglobulins. No was detected against non-immunoglobulin serum proteins. This may cross react with IgG from other species. |
| <b>Immunogen</b>                   | This Bovine anti-Rabbit IgG (H+L) Secondary Antibody was developed against rabbit IgG-heavy and light chain.                                                                                                                                                                                           |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                                                      |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                                                                        |
| <b>Applications</b>                | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                                                                                                                      |
| <b>Recommended Dilutions</b>       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry-Paraffin                                                                                                                                                                                      |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                                 |
