| Species                     | Human                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| Specificity/Sensitivity     | By immunoelectrophoresis and ELISA this Goat anti-Human IgG (H+L) Secondary Antibody (Pre-adsorbed) reacts specifically with human IgG and with light chains common to other human immunoglobulins. No antibody was detected against non-immunoglobulin serum proteins. Antiserum was cross adsorbed using a rhesus and cynomolgus monkey immunosorbent to remove cross reactive Antibodies. Less than 0.1% cross reactivity to monkey IgG was detected. This antibody may cross react with IgG from other species. |
| Immunogen                   | This Goat anti-Human IgG (H+L) Secondary Antibody (Pre-adsorbed) was developed against human IgG-heavy and light chain.                                                                                                                                                                                                                                                                                                                                                                                             |
| Product Application Details |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Applications                | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                                                                                                                                                                                                                                                                                                                                   |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry-Paraffin                                                                                                                                                                                                                                                                                                                                                                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                                                                                                                                                                                                                                              |
