| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                                                                                           |
| Product Description         |                                                                                                                                                                                                                                                                                              |
| Host                        | Donkey                                                                                                                                                                                                                                                                                       |
| Species                     | Rabbit                                                                                                                                                                                                                                                                                       |
| Specificity/Sensitivity     | Based on IEP, this Donkey anti-Rabbit IgG (H+L) Secondary Antibody (Pre-adsorbed) heavy gamma chains on rabbit IgG and light chains on all rabbit immunoglobulins. This antibody has been pre-adsorbed against bovine, chicken, goat, guinea pig, hamster, horse, human, mouse, rat or sheep |
| Immunogen                   | This Donkey anti-Rabbit IgG (H+L) Secondary Antibody (Pre-adsorbed) was developed against purified rabbit IgG (H&L).                                                                                                                                                                         |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                                                                                                                        |
| Product Application Details |                                                                                                                                                                                                                                                                                              |
| Applications                | Western Blot, ELISA, Flow Cytometry, Immunoassay, Immunocytochemistry/Immunofluorescence, Immunodiffusion, Immunohistochemistry, Immunohistochemistry-Frozen, Immunoprecipitation                                                                                                            |
| Recommended Dilutions       | Western Blot, Flow Cytometry, ELISA, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunoprecipitation, Immunohistochemistry-Frozen, Immunodiffusion, Immunoassay                                                                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                       |
