| Clonality                   | Polyclonal                                                                                                                                                                                                          |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                  |
| Isotype                     | IgG                                                                                                                                                                                                                 |
| Conjugate                   | DyLight 350                                                                                                                                                                                                         |
| Purity                      | Peptide affinity purified                                                                                                                                                                                           |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                  |
| Product Description         |                                                                                                                                                                                                                     |
| Host                        | Rabbit                                                                                                                                                                                                              |
| Gene ID                     | 9914                                                                                                                                                                                                                |
| Gene Symbol                 | ATP2C2                                                                                                                                                                                                              |
| Species                     | Human, Mouse                                                                                                                                                                                                        |
| Reactivity Notes            | 0                                                                                                                                                                                                                   |
| Specificity/Sensitivity     | At least three isoforms of ATP2C2 are known to exist. ATP2C2 antibody will not cross-react with ATP2C1                                                                                                              |
| Immunogen                   | Antibody was raised against a 19 amino acid synthetic peptide near the amino terminus of human ATP2C2. The immunogen is located within the first 50 amino acids of ATP2C2. Amino Acid Sequence: RQYQALEKDEEEALIDEQS |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                   |
| Product Application Details |                                                                                                                                                                                                                     |
| Applications                | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence                                                                                                                                                         |
| Recommended Dilutions       | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence                                                                                                                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                              |
