| Clonality                   | Polyclonal                                                                                                                                                                                             |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                     |
| Isotype                     | IgG                                                                                                                                                                                                    |
| Conjugate                   | PerCP                                                                                                                                                                                                  |
| Purity                      | Peptide affinity purified                                                                                                                                                                              |
| Buffer                      | PBS                                                                                                                                                                                                    |
| Product Description         |                                                                                                                                                                                                        |
| Host                        | Rabbit                                                                                                                                                                                                 |
| Gene ID                     | 9699                                                                                                                                                                                                   |
| Gene Symbol                 | RIMS2                                                                                                                                                                                                  |
| Species                     | Human, Mouse, Rat                                                                                                                                                                                      |
| Specificity/Sensitivity     | Multiple isoforms of RIM2 are known to exist. This antibody is predicted to have no cross-reactivity to other Rim proteins.                                                                            |
| Immunogen                   | Antibody was raised against a 17 amino acid synthetic peptide near the center of the human Rim2. The immunogen is located within amino acids 250 - 300 of Rim2. Amino Acid Sequence: DRKRSPSVSRDQNRYYD |
| Product Application Details |                                                                                                                                                                                                        |
| Applications                | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                       |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin                                                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                 |
