| Clonality                   | Polyclonal                                                                                                                                                                                                    |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                            |
| Isotype                     | IgG                                                                                                                                                                                                           |
| Conjugate                   | DyLight 488                                                                                                                                                                                                   |
| Purity                      | Peptide affinity purified                                                                                                                                                                                     |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                            |
| Product Description         |                                                                                                                                                                                                               |
| Host                        | Rabbit                                                                                                                                                                                                        |
| Gene ID                     | 10535                                                                                                                                                                                                         |
| Gene Symbol                 | RNASEH2A                                                                                                                                                                                                      |
| Species                     | Human, Mouse, Rat                                                                                                                                                                                             |
| Reactivity Notes            | 0                                                                                                                                                                                                             |
| Immunogen                   | Antibody was raised against a 17 amino acid synthetic peptide near the center of human RNase H2A. The immunogen is located within amino acids 190 - 240 of RNase H2A. Amino Acid Sequence: LDTDYGS GYPNDPKTKA |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                             |
| Product Application Details |                                                                                                                                                                                                               |
| Applications                | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence, Immunoprecipitation                                                                                                                              |
| Recommended Dilutions       | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence, Immunoprecipitation                                                                                                                              |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                        |
