| Clonality                   | Polyclonal                                                                                                                                                                                                           |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                   |
| Isotype                     | IgG                                                                                                                                                                                                                  |
| Conjugate                   | Janelia Fluor 646                                                                                                                                                                                                    |
| Purity                      | Peptide affinity purified                                                                                                                                                                                            |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                   |
| Product Description         |                                                                                                                                                                                                                      |
| Host                        | Rabbit                                                                                                                                                                                                               |
| Gene ID                     | 55143                                                                                                                                                                                                                |
| Gene Symbol                 | CDCA8                                                                                                                                                                                                                |
| Species                     | Human, Mouse, Rat                                                                                                                                                                                                    |
| Reactivity Notes            | 0                                                                                                                                                                                                                    |
| Immunogen                   | Antibody was raised against a 19 amino acid synthetic peptide near the amino terminus of the human CDCA8. The immunogen is located within the first 50 amino acids of CDCA8. Amino Acid Sequence: KDFDREVEIRIKQIESDR |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                                                |
| Product Application Details |                                                                                                                                                                                                                      |
| Applications                | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence                                                                                                                                                          |
| Recommended Dilutions       | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence                                                                                                                                                          |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                               |
