**NBP2-11627H-0.2ml**

Rabies Virus Antibody (4F1) [HRP]

| Product Information |                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size           | 0.2 ml                                                                                                           |
| Concentration       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                                         |
| Clonality           | Monoclonal                                                                                                       |
| Clone               | 4F1                                                                                                              |
| Preservative        | No Preservative                                                                                                  |
| Isotype             | IgG2b                                                                                                            |
| Conjugate           | HRP                                                                                                              |
| Purity              | Protein G purified                                                                                               |
| Buffer              | PBS                                                                                                              |

| Product Description     |                                                                                                                                                   |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                             |
| Species                 | Virus                                                                                                                                             |
| Reactivity Notes        | Human                                                                                                                                             |
| Specificity/Sensitivity | Specific to glycoprotein.                                                                                                                         |
| Immunogen               | Hybridoma clone has been derived from hybridization of Sp2/0 myeloma cells with spleen cells of Balb/c mice immunized with purified rabies virus. |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, ELISA, Immunofluorescence                                |
| Recommended Dilutions       | Western Blot, ELISA, Immunofluorescence                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
