**NBP2-12915PCP**

SHANK1 Antibody (N22/21) [PerCP]

| Product Information         |                                                                                                                       |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                           |
| Storage                     | Store at 4C in the dark.                                                                                              |
| Clonality                   | Monoclonal                                                                                                            |
| Clone                       | N22/21                                                                                                                |
| Preservative                | 0.05% Sodium Azide                                                                                                    |
| Isotype                     | IgG1                                                                                                                  |
| Conjugate                   | PerCP                                                                                                                 |
| Purity                      | Protein G purified                                                                                                    |
| Buffer                      | PBS                                                                                                                   |
| Product Description         |                                                                                                                       |
| Host                        | Mouse                                                                                                                 |
| Gene ID                     | 50944                                                                                                                 |
| Gene Symbol                 | SHANK1                                                                                                                |
| Species                     | Human, Mouse, Rat                                                                                                     |
| Specificity/Sensitivity     | Detects approx 190-220 kDa (alternative splice variants). No cross-reactivity against Shank2 or Shank3.               |
| Immunogen                   | Fusion protein amino acids 469-691 (SH3/PDZ domains) of rat Shank1                                                    |
| Product Application Details |                                                                                                                       |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunocytochemistry/Immunofluorescence, Immunohistochemistry, Microarray |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin, Microarray |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                |
