CD44 Antibody (1M7.8.1) [Janelia Fluor® 646]

| Product Information |                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                                           |
| Concentration       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                                         |
| Clonality           | Monoclonal                                                                                                       |
| Clone               | 1M7.8.1                                                                                                          |
| Preservative        | 0.05% Sodium Azide                                                                                               |
| Isotype             | IgG2b                                                                                                            |
| Conjugate           | Janelia Fluor 646                                                                                                |
| Purity              | Protein G purified                                                                                               |
| Buffer              | 50mM Sodium Borate                                                                                               |

| Product Description |                                                              |
|---------------------|--------------------------------------------------------------|
| Host                | Rat                                                          |
| Gene ID             | 960                                                          |
| Gene Symbol         | CD44                                                         |
| Species             | Human, Mouse, Rat                                            |
| Marker              | Cell Membrane Marker                                         |
| Immunogen           | Mouse 80-95 kD lymphocyte surface glycoprotein H-CAM (CD44). |

| Product Application Details |                                                                                                                             |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Flow Cytometry, Immunocytochemistry/Immunofluorescence, Immunoprecipitation, CyTOF-ready, Inhibition Activity |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Immunocytochemistry/Immunofluorescence, Immunoprecipitation, Inhibition Activity, CyTOF-ready |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                      |
