**NBP2-23579DL594**

Exendin-4 Antibody (24) [DyLight 594]

| Product Information         |                                                                                                          |
|-----------------------------|----------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                   |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.              |
| Storage                     | Store at 4C in the dark.                                                                                 |
| Clonality                   | Monoclonal                                                                                               |
| Clone                       | 24                                                                                                       |
| Preservative                | 0.05% Sodium Azide                                                                                       |
| Isotype                     | IgG1 Kappa                                                                                               |
| Conjugate                   | DyLight 594                                                                                              |
| Purity                      | Protein A or G purified                                                                                  |
| Buffer                      | 50mM Sodium Borate                                                                                       |
| Product Description         |                                                                                                          |
| Host                        | Mouse                                                                                                    |
| Species                     | Reptile                                                                                                  |
| Reactivity Notes            | Reacts with Gila monster Heloderma suspectum                                                             |
| Specificity/Sensitivity     | Specific for exendin-4. No cross-reactivity with GLP-1, GLP-2 (human) or glucagon coated on ELISA wells. |
| Immunogen                   | Synthetic exendin-4                                                                                      |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                        |
| Product Application Details |                                                                                                          |
| Applications                | ELISA                                                                                                    |
| Recommended Dilutions       | ELISA                                                                                                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                   |
