SRI Antibody [DyLight 405]

| Product Information         |                                                                                                                            |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                     |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                |
| Storage                     | Store at 4C in the dark.                                                                                                   |
| Clonality                   | Polyclonal                                                                                                                 |
| Preservative                | 0.05% Sodium Azide                                                                                                         |
| Isotype                     | IgG                                                                                                                        |
| Conjugate                   | DyLight 405                                                                                                                |
| Purity                      | Immunogen affinity purified                                                                                                |
| Buffer                      | 50mM Sodium Borate                                                                                                         |
| Product Description         |                                                                                                                            |
| Host                        | Rabbit                                                                                                                     |
| Gene Symbol                 | SRI                                                                                                                        |
| Species                     | Human, Mouse, Rat, Bovine, Canine, Equine, Primate                                                                         |
| Reactivity Notes            | Xenopus (93%), Opossum (87%), Chicken (81%).                                                                               |
| Specificity/Sensitivity     | 100% homologous in human (isoforms CRA_a, CRA_b and CRA_c).                                                                |
| Immunogen                   | Partial synthetic peptide made to an internal region of the human SRI protein (between amino acids 45-90) [UniProt P30626] |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                          |
| Product Application Details |                                                                                                                            |
| Applications                | Western Blot, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                 |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry-Paraffin                 |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                     |
