| Clonality                   | Polyclonal                                                                                                                                                                          |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                  |
| Isotype                     | IgG                                                                                                                                                                                 |
| Conjugate                   | PerCP                                                                                                                                                                               |
| Purity                      | Peptide affinity purified                                                                                                                                                           |
| Buffer                      | PBS                                                                                                                                                                                 |
| Product Description         |                                                                                                                                                                                     |
| Host                        | Rabbit                                                                                                                                                                              |
| Gene ID                     | 8125                                                                                                                                                                                |
| Gene Symbol                 | ANP32A                                                                                                                                                                              |
| Species                     | Human, Mouse, Rat                                                                                                                                                                   |
| Reactivity Notes            | This sequence is identical between human and rat PHAP I.                                                                                                                            |
| Specificity/Sensitivity     | This polyclonal antibody has no cross-reaction to PHAP I2a and PHAP III.                                                                                                            |
| Immunogen                   | Antibody was raised against a peptide corresponding to 15 amino acids near the carboxy terminus of human ANP32A. The immunogen is located within the last 50 amino acids of ANP32A. |
| Product Application Details |                                                                                                                                                                                     |
| Applications                | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence                                                                                                                         |
| Recommended Dilutions       | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence                                                                                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                              |
