Bcl-10 Antibody (SPM520) [Janelia Fluor® 525]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | SPM520                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1 Kappa                                                                                  |
| Conjugate           | Janelia Fluor 525                                                                           |
| Purity              | Protein A or G purified                                                                     |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                      |
|-------------------------|----------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                |
| Gene ID                 | 8915                                                                                                                 |
| Gene Symbol             | BCL10                                                                                                                |
| Species                 | Human                                                                                                                |
| Specificity/Sensitivity | This MAb labels subpopulations of normal B and T cells and is a useful tool for the sub-classification of lymphomas. |
| Immunogen               | Human Bcl-10 recombinant protein (epitope aa122-168) (Uniprot: O95999)                                               |
| Notes                   | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                |

| Product Application Details |                                                                                                                                         |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Flow Cytometry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin, CyTOF-ready |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry-Paraffin, CyTOF-ready |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                  |
