| Clonality                   | Polyclonal                                                                                                                                                                                                       |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                               |
| Isotype                     | IgG                                                                                                                                                                                                              |
| Conjugate                   | Janelia Fluor 635                                                                                                                                                                                                |
| Purity                      | Peptide affinity purified                                                                                                                                                                                        |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                               |
| Product Description         |                                                                                                                                                                                                                  |
| Host                        | Rabbit                                                                                                                                                                                                           |
| Species                     | Virus                                                                                                                                                                                                            |
| Specificity/Sensitivity     | This antibody is specific for the seasonal H1N1 influenza NP and will not recognize the corresponding NP from the seasonal H1N1 influenza (A/Brisbane/97/2007 (H1N1)).                                           |
| Immunogen                   | Antibody was raised against a synthetic peptide from the swine-Origin H1N1 NP protein. The immunogen is located within amino acids 350 - 400 of Swine H1N1 Nucleocapsid Protein. Amino Acid Squence: AENVETMDSNT |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                                            |
| Product Application Details |                                                                                                                                                                                                                  |
| Applications                | ELISA, Immunocytochemistry/ Immunofluorescence                                                                                                                                                                   |
| Recommended Dilutions       | ELISA, Immunocytochemistry/ Immunofluorescence                                                                                                                                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                           |
