#### NBP2-41178CL1

**Application Notes** 

TRACP/PAP/ACP5 Antibody [CoraFluor™ 1]

| TRACP/PAP/ACP5 Antibody [CoraFluor™ 1] |   |
|--|---|
| Product Information                    |   |
| Unit Size                              | 0.1 ml  |
| Concentration                          | Please see the vial label for concentration. If unlisted please contact technical services.   |
| Storage                                | Store at 4C in the dark. Do not freeze.   |
| Clonality                              | Polyclonal  |
| Preservative                           | No Preservative   |
| Isotype                                | IgG   |
| Conjugate                              | CoraFluor 1   |
| Purity                                 | Peptide affinity purified   |
| Buffer                                 | PBS   |
| Product Description                    |   |
| Host                                   | Rabbit  |
| Gene ID                                | 54  |
| Gene Symbol                            | ACP5  |
| Species                                | Human, Mouse  |
| Reactivity Notes                       | Immunogen displays the following percentage of sequence identity for non-tested species: Rat (89%), Rabbit (88%)  |
| Immunogen                              | Antibody was raised against an 18 amino acid synthetic peptide near the carboxy terminus of human TRAP. The immunogen is located within the last 50 amino acids of TRAP. Amino Acid Squence: EASGKSLFKTRLPRRARP |
| Notes                                  | CoraFluor (TM) is a trademark of Bio-Techne Corp. Sold for research purposes only under agreement from Massachusetts General Hospital. US patent 2022/0025254   |
| Product Application Details            |   |
| Applications                           | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence  |
| Recommended Dilutions                  | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence  |

Optimal dilution of this antibody should be experimentally determined.
