| Clonality                   | Polyclonal                                                                                                                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                |
| Isotype                     | IgG                                                                                                                                                                                               |
| Conjugate                   | Janelia Fluor 585                                                                                                                                                                                 |
| Purity                      | Peptide affinity purified                                                                                                                                                                         |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                |
| Product Description         |                                                                                                                                                                                                   |
| Host                        | Rabbit                                                                                                                                                                                            |
| Gene ID                     | 2280                                                                                                                                                                                              |
| Gene Symbol                 | FKBP1A                                                                                                                                                                                            |
| Species                     | Human, Mouse, Rat                                                                                                                                                                                 |
| Immunogen                   | Antibody was raised against an 18 amino acid peptide near the center of human FKBP12. The immunogen is located within the first 50 amino acids of FKBP12. Amino Acid Sequence: MLEDGKKFDSSRDKNKPF |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                             |
| Product Application Details |                                                                                                                                                                                                   |
| Applications                | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence                                                                                                                                      |
| Recommended Dilutions       | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence                                                                                                                                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                            |
