| <b>Conjugate</b>                   | PE                                                                                                                                                                                             |
| <b>Purity</b>                      | Peptide affinity purified                                                                                                                                                                      |
| <b>Buffer</b>                      | PBS                                                                                                                                                                                            |
| <b>Product Description</b>         |                                                                                                                                                                                                |
| <b>Host</b>                        | Rabbit                                                                                                                                                                                         |
| <b>Gene ID</b>                     | 1392                                                                                                                                                                                           |
| <b>Gene Symbol</b>                 | CRH                                                                                                                                                                                            |
| <b>Species</b>                     | Human                                                                                                                                                                                          |
| <b>Specificity/Sensitivity</b>     | CRH antibody is human specific.                                                                                                                                                                |
| <b>Immunogen</b>                   | Antibody was raised against a 16 amino acid peptide near the amino terminus of human CRH. The immunogen is located within amino acids 30 - 80 of CRH.<br>Amino Acid Sequence: FQPPPQSEQPQQPQAR |
| <b>Product Application Details</b> |                                                                                                                                                                                                |
| <b>Applications</b>                | Western Blot, Immunohistochemistry-Paraffin, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                                               |
| <b>Recommended Dilutions</b>       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin                                                                               |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                         |
