Cav3.2 Antibody [Alexa Fluor® 532]

Clonality Polyclonal Preservative 0.05% Sodium Azide Isotype IgG Conjugate Alexa Fluor 532 Purity Peptide affinity purified Buffer 50mM Sodium Borate Product Description Host Rabbit Gene ID 8912 Gene Symbol CACNA1H Species Human, Mouse, Rat Reactivity Notes Specificity/Sensitivity Multiple isoforms of CACNA1H are known to exist. Immunogen Antibody was raised against a 16 amino acid peptide near the center of human CACNA1H. The immunogen is located within amino acids 1010 - 1060 of CACNA1H. Amino Acid Squence: AEGDANRSDTDEDKTS Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable ingih to use the purchased prosessly conditioned on the buyer not using the product or its components, or any materials made using the product or for-profit entity). The sale of this product is expressly conditioned on the buyer to using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) to therapeutic, diagnostic or prophylactic purposes or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product or proposes of the nas described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.	Product Information
