epithelial Sodium Channel gamma Antibody (5c2) [Janelia Fluor® 635]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 5c2                                                                                         |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1 Kappa                                                                                  |
| Conjugate           | Janelia Fluor 635                                                                           |
| Purity              | Protein A or G purified                                                                     |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                                                      |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                |
| Gene ID                 | 6340                                                                                                                                                 |
| Gene Symbol             | SCNN1G                                                                                                                                               |
| Species                 | Human                                                                                                                                                |
| Specificity/Sensitivity | Antibody is specific for the inhibitory tract of human gENaC.                                                                                        |
| Immunogen               | The inhibitory peptide from the human yENaC subunit.<br>EAESWNSVSEGGKQPRFSHRIPLC corresponding to amino acid residue 139-160 of human yENaC subunit. |
| Notes                   | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                |

| Product Application Details |                                                                                                                                                         |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Frozen, Immunohistochemistry-Paraffin, Sandwich ELISA |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry-Paraffin, Immunohistochemistry-Frozen, Sandwich ELISA |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                  |
