RNPEPL1 Antibody (4A9) [mFluor Violet 450 SE]

**Product Information**

|                      |                                                                                             |
|----------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 ml                                                                                      |
| <b>Concentration</b> | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C in the dark.                                                                    |
| <b>Clonality</b>     | Monoclonal                                                                                  |
| <b>Clone</b>         | 4A9                                                                                         |
| <b>Preservative</b>  | 0.05% Sodium Azide                                                                          |
| <b>Isotype</b>       | IgG1                                                                                        |
| <b>Conjugate</b>     | mFluor Violet 450 SE                                                                        |
| <b>Purity</b>        | Protein G purified                                                                          |
| <b>Buffer</b>        | 50mM Sodium Borate                                                                          |

**Product Description**

|                                |                                                                                                                                                  |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>                    | Mouse                                                                                                                                            |
| <b>Gene ID</b>                 | 57140                                                                                                                                            |
| <b>Gene Symbol</b>             | RNPEPL1                                                                                                                                          |
| <b>Species</b>                 | Non-species specific                                                                                                                             |
| <b>Specificity/Sensitivity</b> | Specific for N-terminal arginine next to glutamic acid. Does not detect N-terminal arginine next to aspartic acid or internal arginine residues. |
| <b>Immunogen</b>               | Synthetic N-terminal arginylated peptide conjugated to KLH                                                                                       |

**Product Application Details**

|                              |                                                                        |
|------------------------------|------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, Flow Cytometry                                           |
| <b>Recommended Dilutions</b> | Western Blot, Flow Cytometry                                           |
| <b>Application Notes</b>     | Optimal dilution of this antibody should be experimentally determined. |
