## NBP2-61159JF669

NG2 Antibody (AT39E5) [Janelia Fluor® 669]

| ING2 Antibody (AT39E5) [Janelia Fluor® 669] |   |
|---|---|
| Product Information                         |   |
| Unit Size                                   | 0.1 ml  |
| Concentration                               | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                                     | Store at 4C in the dark.  |
| Clonality                                   | Monoclonal  |
| Clone                                       | AT39E5  |
| Preservative                                | 0.05% Sodium Azide  |
| Isotype                                     | IgG1b Kappa   |
| Conjugate                                   | Janelia Fluor 669   |
| Purity                                      | Protein A purified  |
| Buffer                                      | 50mM Sodium Borate  |
| Product Description                         |   |
| Host  | Mouse   |
| Gene ID                                     | 3622  |
| Gene Symbol                                 | ING2  |
| Species                                     | Human   |
| Immunogen                                   | Recombinant human ING2 (1-280aa) purified from E. coli                                      |
| Notes                                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.       |
| Product Application Details                 |   |
| Applications                                | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence                                |
| Recommended Dilutions                       | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence                                |
| Application Notes                           | Optimal dilution of this antibody should be experimentally determined.                      |
