RLTPR Antibody (EM-53) [DyLight 350]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | EM-53                                                                                       |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1 Kappa                                                                                  |
| Conjugate           | DyLight 350                                                                                 |
| Purity              | Protein A purified                                                                          |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                        |
|-------------------------|------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                  |
| Gene ID                 | 146206                                                                                                                 |
| Gene Symbol             | RLTPR                                                                                                                  |
| Species                 | Human, Mouse                                                                                                           |
| Specificity/Sensitivity | The mouse monoclonal antibody EM-53 recognizes RLTPR / CARMIL2, a protein playing a role in actin filament elongation. |
| Immunogen               | Murine Rltpr (amino acids 1147-1397)                                                                                   |
| Notes                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                      |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, Flow Cytometry, Flow (Intracellular)                     |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Flow (Intracellular)                     |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
