Livin Antibody (OTI1D12) [mFluor Violet 450 SE]

**Product Information**

|                      |                                                                                             |
|----------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 ml                                                                                      |
| <b>Concentration</b> | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C in the dark.                                                                    |
| <b>Clonality</b>     | Monoclonal                                                                                  |
| <b>Clone</b>         | OTI1D12                                                                                     |
| <b>Preservative</b>  | 0.05% Sodium Azide                                                                          |
| <b>Isotype</b>       | IgG1                                                                                        |
| <b>Conjugate</b>     | mFluor Violet 450 SE                                                                        |
| <b>Purity</b>        | Immunogen affinity purified                                                                 |
| <b>Buffer</b>        | 50mM Sodium Borate                                                                          |

**Product Description**

|                    |                                                                                            |
|--------------------|--------------------------------------------------------------------------------------------|
| <b>Host</b>        | Mouse                                                                                      |
| <b>Gene ID</b>     | 79444                                                                                      |
| <b>Gene Symbol</b> | BIRC7, BIRC2                                                                               |
| <b>Species</b>     | Human                                                                                      |
| <b>Immunogen</b>   | Full length human recombinant protein of human BIRC7 (NP_071444) produced in HEK293T cell. |

**Product Application Details**

|                              |                                                                        |
|------------------------------|------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, Flow Cytometry, Immunohistochemistry                     |
| <b>Recommended Dilutions</b> | Western Blot, Flow Cytometry, Immunohistochemistry                     |
| <b>Application Notes</b>     | Optimal dilution of this antibody should be experimentally determined. |

**Images**

Livin Antibody (OTI1D12) [mFluor Violet 450 SE] [NBP2-72206MFV450]  
 - Vial of mFluor Violet 450 conjugated antibody. mFluor Violet 450 is optimally excited at 406 nm by the Violet laser (405 nm) and has an emission maximum of 445 nm.
