HVEM/TNFRSF14 Antibody (BLR062G) - BSA Free

| Product Information |                                                                                      |
|---------------------|--------------------------------------------------------------------------------------|
| Unit Size           | 100 ul                                                                               |
| Concentration       | This product is unpurified. The exact concentration of antibody is not quantifiable. |
| Storage             | Store at 2 - 8 C / 1 year from date of receipt                                       |
| Clonality           | Monoclonal                                                                           |
| Clone               | BLR062G                                                                              |
| Preservative        | 0.09% Sodium Azide                                                                   |
| Purity              | Tissue culture supernatant                                                           |
| Buffer              | Borate Buffered Saline (BBS) (pH 8.2)                                                |

| Product Description |                                                                                                                                                                                                                                     |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit HVEM/TNFRSF14 Antibody (BLR062G) - BSA Free (NBP2-78834) is a recombinant monoclonal antibody validated for use in IHC, WB and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Rabbit                                                                                                                                                                                                                              |
| Gene ID             | 8764                                                                                                                                                                                                                                |
| Gene Symbol         | TNFRSF14                                                                                                                                                                                                                            |
| Species             | Human                                                                                                                                                                                                                               |
| Immunogen           | Immunogen was a recombinant protein representing the extracellular domain of human TNF receptor superfamily member 14, transcript variant 1 (Herpesvirus entry mediator A, HVEM) (residues 39-200, NP_003811.2).                    |
| Notes               | This Product sold under License from Bethyl Laboratories, Inc.                                                                                                                                                                      |

| Product Application Details |                                                                                                                                 |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry                      |
| Recommended Dilutions       | Western Blot 1:1000, Immunohistochemistry 1:100 - 1:500, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry-Paraffin |
| Application Notes           | Epitope retrieval with citrate buffer pH6.0 is recommended for FFPE tissue sections.                                            |

## Images

**Western Blot: HVEM/TNFRSF14 Antibody (BLR062G) [NBP2-78834]** - Detection of human HVEM/TNFRSF14 by WB of SK-MEL-28, A2058, UACC-257, MDA-MB-435, and Malme-3M lysate. Antibody: Rabbit anti-HVEM/TNFRSF14 recombinant monoclonal [BLR062G] (NBP2-78834). Secondary: HRP-conjugated goat anti-rabbit IgG.

**Immunocytochemistry: HVEM/TNFRSF14 Antibody (BLR062G) [NBP2-78834]** - Detection of human HVEM/TNFRSF14 in FFPE SK-MEL-28 cells by ICC. Antibody: Rabbit anti-HVEM/TNFRSF14 recombinant monoclonal [BLR062G] (NBP2-78834). Secondary: HRP-conjugated goat anti-rabbit IgG. Substrate: DAB.

**Immunohistochemistry-Paraffin: HVEM/TNFRSF14 Antibody (BLR062G) [NBP2-78834]** - Detection of human HVEM/TNFRSF14 in FFPE lung carcinoma by IHC. Antibody: Rabbit anti-HVEM/TNFRSF14 recombinant monoclonal [BLR062G] (NBP2-78834). Secondary: HRP-conjugated goat anti-rabbit IgG. Substrate: DAB.

**Immunohistochemistry-Paraffin: HVEM/TNFRSF14 Antibody (BLR062G) [NBP2-78834]** - Detection of human HVEM/TNFRSF14 in FFPE tonsil by IHC. Antibody: Rabbit anti-HVEM/TNFRSF14 recombinant monoclonal [BLR062G] (NBP2-78834). Secondary: HRP-conjugated goat anti-rabbit IgG. Substrate: DAB.
