# NBP2-79692

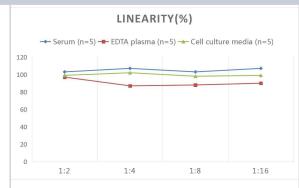

| Rat Oxidized LDL ELISA Kit (Co | olorimetric)   |
|--------------------------------|--|
| Product Information            |  |
| Unit Size                      | 1 Kit  |
| Concentration                  | Concentration is not relevant for this product. Please see the protocols for proper use of this product.   |
| Storage                        | Storage of components varies. See protocol for specific instructions.  |
| Product Description            |  |
| Species                        | Rat  |
| Specificity/Sensitivity        | This kit recognizes Rat Oxidized LDL in samples. No Significant cross-reactivity or interference between Rat Oxidized LDL and analogues was observed. These kits are designed to determine the Oxidized Low Density Lipoprotein level in Rat biological fluid. Oxidized LDL is a general term for LDL particles with oxidatively modified structural components. As a result from free radical attack, both lipid and protein parts of LDL can be oxidized in the vascular wall. |
| Kit Components                 | Micro ELISA Plate (Dismountable), Reference Standard, Concentrated Biotinylated Detection Ab (100x), Concentrated HRP Conjugate (100x), Sample Diluent, Biotinylated Detection Ab Diluent, HRP Conjugate Diluent, Concentrated Wash Buffer (25x), Substrate Reagent, Stop Solution, Plate Sealer, Product Manual   |
| Standard Curve Range           | 0.47-30 ng/mL  |
| Sensitivity                    | 0.28 ng/mL   |
| Inter Assay                    | CV% < 4.58%  |
| Intra Assay                    | CV% < 4.73%  |
| Assay Type                     | Sandwich-ELISA   |
| Spiking Recovery               | 89-104%  |
| Suitable Sample Type           | Serum, plasma, and other biological fluids   |
| Sample Volume                  | 100 ul   |
| Product Application Details    |  |
| Applications                   | ELICA  |

| <b>Product Application Details</b> |       |
|------------------------------------|-------|
| Applications                       | ELISA |
| Recommended Dilutions              | ELISA |

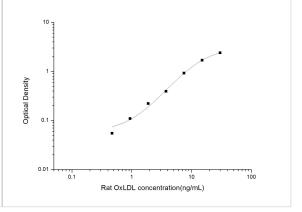

## **Images**

ELISA: Rat Oxidized LDL ELISA Kit (Colorimetric) [NBP2-79692] - Samples were spiked with high concentrations of Rat Oxidized LDL and diluted with Reference Standard & Sample Diluent to produce samples with values within the range of the assay.

ELISA: Rat Oxidized LDL ELISA Kit (Colorimetric) [NBP2-79692] - Standard Curve Reference
