**NBP2-81115PCP****4-1BB Ligand/TNFSF9 Antibody (TKS-1) [PerCP]**

| <b>Product Information</b> |                                                                                             |
|----------------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>           | 0.1 ml                                                                                      |
| <b>Concentration</b>       | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>             | Store at 4C in the dark.                                                                    |
| <b>Clonality</b>           | Monoclonal                                                                                  |
| <b>Clone</b>               | TKS-1                                                                                       |
| <b>Preservative</b>        | 0.05% Sodium Azide                                                                          |
| <b>Isotype</b>             | IgG Kappa                                                                                   |
| <b>Conjugate</b>           | PerCP                                                                                       |
| <b>Purity</b>              | Protein A purified                                                                          |
| <b>Buffer</b>              | PBS                                                                                         |

| <b>Product Description</b>     |                                                                                       |
|--------------------------------|---------------------------------------------------------------------------------------|
| <b>Host</b>                    | Rabbit                                                                                |
| <b>Gene ID</b>                 | 8744                                                                                  |
| <b>Gene Symbol</b>             | TNFSF9                                                                                |
| <b>Species</b>                 | Mouse                                                                                 |
| <b>Specificity/Sensitivity</b> | This antibody binds to murine 4-1BB Ligand/TNFSF9 and competes with binding of 4-1BB. |
| <b>Immunogen</b>               | Murine B-cell lymphoma 2PK-3 cells injected into SD rats.                             |

| <b>Product Application Details</b> |                                                                        |
|------------------------------------|------------------------------------------------------------------------|
| <b>Applications</b>                | ELISA, Flow Cytometry, Block/Neutralize                                |
| <b>Recommended Dilutions</b>       | Flow Cytometry, ELISA, Block/Neutralize                                |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined. |
