GCN4 Antibody (C11L34) [DyLight 550]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | C11L34                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG Lambda                                                                                  |
| Conjugate           | DyLight 550                                                                                 |
| Purity              | Protein A purified                                                                          |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                                                                   |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Rabbit                                                                                                                                                            |
| Gene ID                 | 856709                                                                                                                                                            |
| Gene Symbol             | GCN4                                                                                                                                                              |
| Species                 | Yeast                                                                                                                                                             |
| Reactivity Notes        | Expected to react with <i>Saccharomyces cerevisiae</i> .                                                                                                          |
| Specificity/Sensitivity | This antibody binds to the HLENEVARLKK peptide from the leucine-zipper domain of the <i>S. cerevisiae</i> GCN4 transcriptional activator with picomolar affinity. |
| Immunogen               | Biotinylated GCN4-peptide (HLENEVARLKK).                                                                                                                          |
| Notes                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                 |

| Product Application Details |                                                                                                      |
|-----------------------------|------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Immunocytochemistry/Immunofluorescence, Immunoprecipitation, Surface Plasmon Resonance |
| Recommended Dilutions       | Western Blot, Immunocytochemistry/Immunofluorescence, Immunoprecipitation, Surface Plasmon Resonance |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                               |
