| Clonality                   | Polyclonal                                                                                                                                                                                                                  |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                          |
| Isotype                     | IgG                                                                                                                                                                                                                         |
| Conjugate                   | Allophycocyanin                                                                                                                                                                                                             |
| Purity                      | Peptide affinity purified                                                                                                                                                                                                   |
| Buffer                      | PBS                                                                                                                                                                                                                         |
| Product Description         |                                                                                                                                                                                                                             |
| Host                        | Rabbit                                                                                                                                                                                                                      |
| Gene ID                     | 9853                                                                                                                                                                                                                        |
| Gene Symbol                 | RUSC2                                                                                                                                                                                                                       |
| Species                     | Human, Mouse                                                                                                                                                                                                                |
| Specificity/Sensitivity     | At least three isoforms are known to exist; this antibody will detect all three isoforms. This antibody is predicted to not cross-react with RUSC1.                                                                         |
| Immunogen                   | RUSC2 antibody was raised against an 18 amino acid synthetic peptide from near the amino terminus of human RUSC2. The immunogen is located within amino acids 70 - 120 of RUSC2. Amino Acid Sequence:<br>TSKRSRDGRGPGAPKRHN |
| Product Application Details |                                                                                                                                                                                                                             |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                                                                            |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin                                                                                                            |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                      |
