| Clonality                   | Polyclonal                                                                                                                                                                                                 |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                         |
| Isotype                     | IgG                                                                                                                                                                                                        |
| Conjugate                   | DyLight 350                                                                                                                                                                                                |
| Purity                      | Peptide affinity purified                                                                                                                                                                                  |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                         |
| Product Description         |                                                                                                                                                                                                            |
| Host                        | Rabbit                                                                                                                                                                                                     |
| Gene ID                     | 166824                                                                                                                                                                                                     |
| Gene Symbol                 | RASSF6                                                                                                                                                                                                     |
| Species                     | Human                                                                                                                                                                                                      |
| Reactivity Notes            | 0                                                                                                                                                                                                          |
| Specificity/Sensitivity     | At least four isoforms of RASSF6 are known to exist. RASSF6 antibody is predicted to not cross-react with other RASSF family members.                                                                      |
| Immunogen                   | RASSF6 antibody was raised against a 14 amino acid synthetic peptide near the center of human RASSF6. The immunogen is located within amino acids 230 - 280 of RASSF6. Amino Acid Sequence: LQKFKIENSPQDFA |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                          |
| Product Application Details |                                                                                                                                                                                                            |
| Applications                | Western Blot, ELISA                                                                                                                                                                                        |
| Recommended Dilutions       | Western Blot, ELISA                                                                                                                                                                                        |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                     |
