| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                     |
| Isotype                     | IgG                                                                                                                                                                                                                    |
| Conjugate                   | PerCP                                                                                                                                                                                                                  |
| Purity                      | Peptide affinity purified                                                                                                                                                                                              |
| Buffer                      | PBS                                                                                                                                                                                                                    |
| Product Description         |                                                                                                                                                                                                                        |
| Host                        | Rabbit                                                                                                                                                                                                                 |
| Gene ID                     | 129563                                                                                                                                                                                                                 |
| Gene Symbol                 | DIS3L2                                                                                                                                                                                                                 |
| Species                     | Human, Mouse, Rat                                                                                                                                                                                                      |
| Specificity/Sensitivity     | DIS3L2 antibody is human, mouse and rat reactive. At least three isoforms of DIS3L2 are known to exist; this antibody will only detect the longest isoform. DIS3L2 is predicted to not cross-react with DIS3 or DIS3L. |
| Immunogen                   | DIS3L2 antibody was raised against a 17 amino acid peptide near the carboxy terminus of human DIS3L2. The immunogen is located within amino acids 720 - 770 of DIS3L2. Amino Acid Sequence: DTLQKQADHCNDRMAS           |
| Product Application Details |                                                                                                                                                                                                                        |
| Applications                | Western Blot, ELISA, Immunohistochemistry                                                                                                                                                                              |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry                                                                                                                                                                              |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                 |
