## NBP2-81945UV

| Laforin/EPM2A Antibody [DyLight 350] |  |
|--------------------------------------|--|
| Product Information                  |  |
| Unit Size                            | 0.1 ml   |
| Concentration                        | Please see the vial label for concentration. If unlisted please contact technical services.  |
| Storage                              | Store at 4C in the dark.   |
| Clonality                            | Polyclonal   |
| Preservative                         | 0.05% Sodium Azide   |
| Isotype                              | IgG  |
| Conjugate                            | DyLight 350  |
| Purity                               | Peptide affinity purified  |
| Buffer                               | 50mM Sodium Borate   |
| Product Description                  |  |
| Host                                 | Rabbit   |
| Gene ID                              | 7957   |
| Gene Symbol                          | EPM2A  |
| Species                              | Human, Mouse, Rat  |
| Reactivity Notes                     | 0  |
| Specificity/Sensitivity              | At least four isoforms of Laforin/EPM2A are known to exist; this antibody will detect all but the shortest isoform.  |
| Immunogen                            | EPM2A antibody was raised against a 17 amino acid synthetic peptide near the carboxy terminus of human EPM2A. The immunogen is located within amino acids 190 - 240 of EPM2A. Amino Acid Squence: NRYPEPMTPDTMIKLY |
| Notes                                | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.  |
| Product Application Details          |  |
| Applications                         | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence  |
| Recommended Dilutions                | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence  |
|                                      |  |

| Recommended Dilutions | western Biot, ELISA, Immunocytochemistry/Immunoliuorescence            |
|-----------------------|--|
| Application Notes     | Optimal dilution of this antibody should be experimentally determined. |
|                       |  |
|                       |  |
|                       |  |
