| Clonality                   | Polyclonal                                                                                                                                                                                                    |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                            |
| Isotype                     | IgG                                                                                                                                                                                                           |
| Conjugate                   | PerCP                                                                                                                                                                                                         |
| Purity                      | Peptide affinity purified                                                                                                                                                                                     |
| Buffer                      | PBS                                                                                                                                                                                                           |
| Product Description         |                                                                                                                                                                                                               |
| Host                        | Rabbit                                                                                                                                                                                                        |
| Gene ID                     | 9737                                                                                                                                                                                                          |
| Gene Symbol                 | GPRASP1                                                                                                                                                                                                       |
| Species                     | Human, Mouse                                                                                                                                                                                                  |
| Specificity/Sensitivity     | GPRASP1 antibody is human and mouse reactive. This antibody is predicted to not cross-react with GPRASP2.                                                                                                     |
| Immunogen                   | GPRASP1 antibody was raised against a 15 amino acid peptide near the amino terminus of human GPRASP1. The immunogen is located within amino acids 260 - 310 of GPRASP1. Amino Acid Sequence: REDPNSRSRFRSKKEV |
| Product Application Details |                                                                                                                                                                                                               |
| Applications                | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                              |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin                                                                                              |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                        |
