**NBP2-81956PE**

TCTE3 Antibody [PE]

**Product Information**

|                      |                                                                                             |
|----------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 ml                                                                                      |
| <b>Concentration</b> | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C in the dark.                                                                    |
| <b>Clonality</b>     | Polyclonal                                                                                  |
| <b>Preservative</b>  | 0.05% Sodium Azide                                                                          |
| <b>Isotype</b>       | IgG                                                                                         |
| <b>Conjugate</b>     | PE                                                                                          |
| <b>Purity</b>        | Peptide affinity purified                                                                   |
| <b>Buffer</b>        | PBS                                                                                         |

**Product Description**

|                                |                                                                                                                                                                                                                         |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>                    | Rabbit                                                                                                                                                                                                                  |
| <b>Gene ID</b>                 | 6991                                                                                                                                                                                                                    |
| <b>Gene Symbol</b>             | TCTE3                                                                                                                                                                                                                   |
| <b>Species</b>                 | Human, Mouse, Rat                                                                                                                                                                                                       |
| <b>Specificity/Sensitivity</b> | TCTE3 is predicted to not cross-react with other members of the TCTEX-type family                                                                                                                                       |
| <b>Immunogen</b>               | TCTE3 antibody was raised against a 19 amino acid synthetic peptide near the amino terminus of human TCTE3. The immunogen is located within the first 50 amino acids of TCTE3. Amino Acid Sequence: APVTPRKERRPSMFEKEAY |

**Product Application Details**

|                              |                                                                        |
|------------------------------|------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence           |
| <b>Recommended Dilutions</b> | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence           |
| <b>Application Notes</b>     | Optimal dilution of this antibody should be experimentally determined. |
