**NBP2-81959**

JAKMIP1 Antibody - BSA Free

**Product Information**

|                                |                                                                                        |
|--------------------------------|----------------------------------------------------------------------------------------|
| <b>Unit Size</b>               | 0.1 mg                                                                                 |
| <b>Concentration</b>           | 1 mg/ml                                                                                |
| <b>Storage</b>                 | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles. |
| <b>Clonality</b>               | Polyclonal                                                                             |
| <b>Preservative</b>            | 0.02% Sodium Azide                                                                     |
| <b>Isotype</b>                 | IgG                                                                                    |
| <b>Purity</b>                  | Peptide affinity purified                                                              |
| <b>Buffer</b>                  | PBS                                                                                    |
| <b>Target Molecular Weight</b> | 69 kDa                                                                                 |

**Product Description**

|                                |                                                                                                                                                                                                                         |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>             | Novus Biologicals Rabbit JAKMIP1 Antibody - BSA Free (NBP2-81959) is a polyclonal antibody validated for use in WB and ELISA. All Novus Biologicals antibodies are covered by our 100% guarantee.                       |
| <b>Host</b>                    | Rabbit                                                                                                                                                                                                                  |
| <b>Gene ID</b>                 | 152789                                                                                                                                                                                                                  |
| <b>Gene Symbol</b>             | JAKMIP1                                                                                                                                                                                                                 |
| <b>Species</b>                 | Human, Mouse, Rat                                                                                                                                                                                                       |
| <b>Specificity/Sensitivity</b> | Multiple isoforms of JAKMIP1 are known to exist. JAKMIP1 antibody is predicted to not cross-react with JAKMIP2.                                                                                                         |
| <b>Immunogen</b>               | Rabbit polyclonal JAKMIP1 antibody was raised against a 16 amino acid peptide near the center of human JAKMIP1. The immunogen is located within amino acids 260 - 310 of JAKMIP1. Amino Acid Sequence: ELMGVQDQHMDERDVR |

**Product Application Details**

|                              |                               |
|------------------------------|-------------------------------|
| <b>Applications</b>          | Western Blot, ELISA           |
| <b>Recommended Dilutions</b> | Western Blot 1-2 ug/ml, ELISA |
