| Gene ID                     | 342979                                                                                                                                                                                                                                  |
| Gene Symbol                 | PALM3                                                                                                                                                                                                                                   |
| Species                     | Human                                                                                                                                                                                                                                   |
| Reactivity Notes            | 0                                                                                                                                                                                                                                       |
| Specificity/Sensitivity     | At least two isoforms of Paralemmmin3 are known to exist; this antibody will only detect the longer isoform                                                                                                                             |
| Immunogen                   | Paralemmmin3 antibody was raised against a 19 amino acid synthetic peptide near the amino terminus of human Paralemmmin3. The immunogen is located within amino acids 50 - 100 of Paralemmmin3. Amino Acid Squence: PEPSEDPTSKDPQSPEGQA |
| Product Application Details |                                                                                                                                                                                                                                         |
| Applications                | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence                                                                                                                                                                             |
| Recommended Dilutions       | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence                                                                                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                  |
