| Gene Symbol                 | GLIPR1L1                                                                                                                                                                                                                   |
| Species                     | Human                                                                                                                                                                                                                      |
| Reactivity Notes            | 0                                                                                                                                                                                                                          |
| Specificity/Sensitivity     | GLIPR1L1 antibody is human specific. At least two isoforms of GLIPR1L1 are known to exist; this antibody will detect both isoforms. This antibody is predicted to not cross-react with other GLIPR or GLIPR-like proteins. |
| Immunogen                   | GLIPR1L1 antibody was raised against an 18 amino acid peptide near the amino terminus of human GLIPR1L1 . The immunogen is located within amino acids 20 - 70 of GLIPR1L1. Amino Acid Sequence: IEAHNEWRGKVNPPAAD          |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                          |
| Product Application Details |                                                                                                                                                                                                                            |
| Applications                | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                                           |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin                                                                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                     |
