| Species                     | Human                                                                                                                                                                                                     |
| Reactivity Notes            | 0                                                                                                                                                                                                         |
| Specificity/Sensitivity     | NAP1 antibody is human specific. NAP1 antibody is predicted not to cross-react with other TAB proteins.                                                                                                   |
| Immunogen                   | NAP1 antibody was raised against a 13 amino acid synthetic peptide near the amino terminus of human NAP1. The immunogen is located within amino acids 40 - 90 of NAP1. Amino Acid Sequence: YHSPDDNRMNRNR |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                                     |
| Product Application Details |                                                                                                                                                                                                           |
| Applications                | ELISA, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                                                                                |
| Recommended Dilutions       | ELISA, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                                                                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                    |
